

**Section 1: Identification of the substance/mixture and of the company/undertaking**

1.1 Product identifier

Product name: Chalk Paste

1.2 Relevant identified uses of the substance or mixture and uses advised against

Not applicable – Mixture of substances

Use of the material / composition: acrylic polymer with a high percentage of calcium carbonate, for decorative use.

1.3 Details of the supplier of the safety data sheet

Company name: WoodUbend Ltd.
Unit V, Scotch Park Trading Estate
Forge Ln
Leeds, LS12 2PR
Tel: +44 (0) 113 289 1222
Fax: n/a
Email: info@woodubend.com

1.4 Emergency telephone number

European Emergency Tel.: 112

Section 2: Hazards identification

2.1 Classification of the substance or mixture

Classification according to Regulation EC No 1272/2008 CLP:

The product is not classified according to the CLP regulation.

2.2 Label elements

Labelling according to Regulation EC No 1272/2008 CLP: Not classified

Hazard pictograms: Not classified.

Warning word: Not classified.

Risk declarations: Not classified.

2.3 Other hazards

Results of PBT and vPvB assessment

PBT: Not applicable.

vPvB: Not applicable.

Section 3: Composition/information on ingredients

3.1 Substance

Description: Mixture consisting of the following ingredients with harmless mixtures.

Ingredients according to Reg. (EU) 830/2015:

Contains: smit/mit/bit : Mixture:

- 5-Chloro-2-methyl-isothiazolin-3-one <0.00001%
- 2-Methyl-4-isothiazolin-3-one (3:1)<0.00001%
- 1,2-Benzisothiazol-3-(2H)-one <0.00002% as a storage preservative.

Additional information: For an explanation of the listed hazard statements you should refer to Chapter 16.

SAFETY DATA SHEET

SECTION 4: First aid measures

4.1. Description of first aid measures

General information: No special measures required. Take affected persons out into the fresh air.

After inhalation: In case of fainting, lie down and transfer to a fixed lateral position. Fresh air is essential, in case of discomfort call a doctor.

After skin contact: Rinse immediately with water. If the irritation symptoms do not go away, call a doctor.

After eye contact: Immediately flush the eyes with plenty of water, alternately lifting the upper and lower eyelids. Check and remove contact lenses if present. Continue rinsing for at least 10 minutes. Seek medical attention if irritation occurs.

After swallowing: Drink plenty of water and stay in fresh air. Consult the doctor immediately.

4.2. Most important symptoms and effects, both acute and delayed

No other relevant information is available.

4.3 Indication of any immediate medical attention and special treatment needed

No other relevant information is available.

SECTION 5: Firefighting Measures

5.1 Extinguishing media

CO₂, extinguishing powder, or water spray.

5.2 Special hazards arising from the substance or mixture

No other relevant information is available.

5.3 Advice for firefighters

Fire Fighting Equipment: The use of protective clothing and self-contained breathing apparatus is recommended.

Further statements: Contaminated fire extinguishing water is collected separately; it must not be emptied into the sewer.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment, and emergency procedures:

Ensure adequate ventilation. Use protective equipment. Remove unprotected persons. Avoid contact with leaking or leaking material. Avoid contact with skin and eyes.

6.2 Environmental precautions:

No special measures are required.

6.3 Methods and material for containment and cleaning up:

It is collected with liquid absorbent materials (sand, flint deposits, sawdust).

6.4 Reference to other sections:

Information on handling see chapter 7.

Information on personal protective equipment see chapter 8.

Information on disposal see chapter 13.

Section 7: Handling and storage

7.1 Precautions for safe handling

Avoid forming mists. Keep container tightly closed. Wash your hands before each break and after completing work.

Instructions on how to protect against fire and explosion: No special measures are required.

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage areas and containers: Store in a cool place.

Indication of co-storage: Not applicable.

Further statements about storage conditions: None.

7.3 Specific end use(s): No other relevant information is available.

SAFETY DATA SHEET

SECTION 8: Exposure controls/personal protection

8.1 Exposure controls

Ingredients with occupational exposure limit values:

The product does not contain substances that have statutory occupational exposure limit values. Additional indications: Valid preparation lists were used as a basis.

8.2 Exposure controls

8.2.2 Personal protective equipment:

- **General protection and health measures:** Attention to the remaining protective measures regarding the handling of chemical products.
- **Respiratory protection:** Not required under normal conditions of use.
- **Hand protection:** Protective gloves.
- **Glove Material:** Choosing the right glove depends not only on the material, but quality characteristics, which vary according to the manufacturer.
- **Penetration time of glove material:** Transit times according to regulation EN 374 Part III sometimes do not apply under actual conditions. A maximum time of use corresponding to 50% of the transit time is recommended.
- **Eye protection:** Protective glasses
- **Protection for the body:** Use appropriate protective clothing when welding or burning.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

General Information

Physical state:	Thick
Colour:	Various colours
Odour:	Odourless
Odour threshold:	Not determined.
Melting point/ freezing point:	Not determined.
Initial boiling point and boiling range:	Not determined.
Flashing point:	Not determined.
Flammability (solid, gas)	Not applicable.
Auto-ignition temperature:	The product does not auto-ignite.
Decomposition temperature:	Not determined.
Explosive properties:	There is no risk of the product exploding.
Explosion hazard limits:	
Lower:	Not specified.
Higher:	Not specified.
Vapour pressure:	Not determined.
Density at 20 °C:	1.022 g/cm ³
Relative density:	Not determined.
Vapor density:	Not determined.
Evaporation rate:	Not determined.
Solubility in / miscibility with water:	
Partition coefficient: n-octanol/water:	Not determined.
Viscosity:	
Dynamic at 20 °C:	120-150000 cP
Kinetic:	Unspecified

9.2.2 Other information

No other relevant information is available.

SECTION 10: Stability and reactivity

10.1 Reactivity

No other relevant information available.

10.2 Chemical stability

Thermal decomposition / Conditions to avoid: Does not decompose if stored and handled normally. Stable at ambient temperature.

10.3 Possibility of hazardous reactions

No dangerous reactions are known.

10.4 Conditions to avoid

No other relevant information available.

10.5 Incompatible materials

No other relevant information available.

10.6 Hazardous decomposition products

No hazardous decomposition products are known.

SAFETY DATA SHEET

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity: Based on available data; the classification criteria are not met.

Assessment of Acute Toxicity -LD/LC50:

27138-31-4 dipropylene glycol dibenzoate

Oral LD50 4000-5000 mg/kg (mouse)

3914 mg/kg (rat)

From the skin LD50 >2000 mg/kg (rat)

Inhalation LC50/4 h >200 mg/l (rat)

Skin corrosion and irritation: Based on available data, the classification criteria are not met.

Serious eye damage/irritation: Based on available data, the classification criteria are not met.

Respiratory or skin sensitization: Based on available data, the classification criteria are not met.

CMT effects (carcinogenicity, mutagenicity and reproductive toxicity)

Germ cell mutagenicity: Based on available data, the classification criteria are not met.

Carcinogenicity: Based on available data, the classification criteria are not met.

Reproductive toxicity: Based on available data, the classification criteria are not met.

STOT-single exposure: Based on available data, the classification criteria are not met.

STOT-repeated exposure: Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.

SECTION 12: Ecological information

12.1 Toxicity

Aquatic toxicity: No other relevant information available.

12.2 Durability and Degradability

No other relevant information is available.

12.3 Bioaccumulative potential

No other relevant information is available.

12.4 Mobility in soil

No other relevant information is available.

Further ecological indicators:

General instructions: No known hazard for the aquatic environment.

12.5 Results of PBT and vPvB assessment

PBT: Not applicable.

vPvB: Not applicable.

12.6 Other adverse effects

No other relevant information is available.

SECTION 13: Disposal considerations

13.1 Waste management methods

Recommendation: The disposal of the material must be in accordance with the National Legislation. For recycling, contact the manufacturer.

Recommendation:

The deposit is made according to the official instructions.

The container can, when cleaned, be reused or its material reused.

SECTION 14: Transport information

14.1 UN number

ADR, ADN, IMDG, IATA

Void

14.2 UN proper shipping name

SAFETY DATA SHEET

ADR, ADN, IMDG, IATA	Void
14.3 Transport hazard class(es)	
ADR, ADN, IMDG, IATA Class	Void
14.4 Packing group	
ADR, IMDG, IATA	Void
14.5 Environmental hazards:	Not applicable
14.6 Special precautions for user:	Not applicable
14.7 Bulk transport according to Annex II of the MARPOL Convention and the IBC Code	Not Applicable
UN "Model Regulation":	Void

SECTION 15: Regulatory information

15.1 Safety, health, and environmental regulations/legislation specific for the substance or mixture

Labelling according to Regulation (EC) no. 1272/2008 Labelling information in Section 2.2

National Regulations

Other Provisions, Limitations and Prohibitions

Substances of Very High Concern (SVHC) according to REACH Article 57

Does not contain Substances of Very High Concern (SVHC).

15.2 Chemical safety assessment

It has been processed for the main ingredients of the product.

SECTION 16: Other information

Chemical safety assessment was not performed.

These statements are based on the current level of our knowledge, they do not constitute a guarantee of the properties of the products, nor do they justify legal consequences.

Sources of the most important elements used to create the Safety Data Sheet:

The information contained in this safety data sheet is based on information owned by our company and public sources, believed to be valid or acceptable.
